

**Seeing is believing.**

**The new Standocryl VOC Performance Pro Clear K9590.**

An Axalta Coating Systems Brand

**The Art of Refinishing.**

## STANDOX

### The Performance Pro Clear system:

- Standocryl VOC Performance Pro Clear K9590.
- Standox VOC Performance Hardener 15-30.
- Standocryl VOC 2K Performance Additive 5870.

### The high performance clearcoat.

Standocryl VOC Performance Pro Clear K9590 is suitable for all repairs from minor damage to a full respray. It uses state-of-the-art resin technology which leads to convenient, user-friendly application and flexible drying times. VOC Performance Pro Clear gives excellent results.

### Convenient to use.

Use it in a simple mixing ratio of 2:1 with the Standox VOC Performance Hardener 15-30 + 10% Standocryl VOC 2K Performance Additive 5870. Low spray viscosity makes it easy to apply in two coats with a brief flash-off time. And its excellent surface wetting properties mean it flows very easily. To achieve a smooth fade-out, you can also use the new Standox Performance Blend 5730.

### Fast drying times.

Standocryl VOC Performance Pro Clear K9590's unique formulation means it dries in just 15 minutes at 60 °C. At 40 °C it will dry in 30 minutes. This flexibility enables it to adapt to the bodyshop's needs and saves you time, energy and money.

# CONVENIENT. FAST. AND TOP QUALITY TIME AFTER TIME.

- ✓ Suitable for all repairs.
- ✓ Convenient and reliable application.
- ✓ Fast and flexible drying.
- ✓ Energy saving.
- ✓ Excellent topcoat hold-out and high gloss.

## Start polishing sooner.

VOC Performance Pro Clear K9590 is ready for polishing and assembly very quickly after a short cooling period.

## High gloss that lasts.

With outstanding flow properties and excellent topcoat hold-out, the state-of-the-art VOC Performance Pro Clear K9590 achieves a high gloss finish that lasts.

## 1 Day Repair.

The VOC Performance Pro is fast and flexible and so can be used as part of the Standox **1 Day Repair** concept:

- No compromise on quality.
- Customers get their car back in one day.
- Reduced replacement vehicle cost.
- Frees up capacity in your bodyshop for additional work.
- Gain additional business from fleet and leasing companies. Faster repairs can be offered.
