

MiKEY – Become a refinishing expert with e-learning.

August 2015

MiKEY – Become a refinish expert with e-learning

We are excited to announce the launch of **MiKEY**, our new, high quality user-friendly training software package that makes learning enjoyable.

Over seven modules, **MiKEY** provides theoretical and practical information on the various aspects of refinishing with a focus on waterborne. With Internet access and a personal password, customers simply can log into the software. The programme automatically guides them through each of the seven modules. The images and interactive animations make the topics engaging and interesting.

Once our customers have completed the seven modules successfully, they become "e-Certified Master Refinishers" and then will have an opportunity to do a practical training passport assessment at a local Axalta Training Centre (or in the bodyshop). On successful completion of the passport assessment, the customer will be issued with an Axalta Training Passport outlining the areas of competency he or she has achieved.

This sales aid will provide a brief introduction to **MiKEY**:

- 1.** General Information
- 2.** Gaining Access – Account Set Up
- 3.** Integration with Axalta's Passport System
- 4.** Frequently Asked Questions (FAQs)

What is MiKEY

1. GENERAL INFORMATION

What's MiKEY?

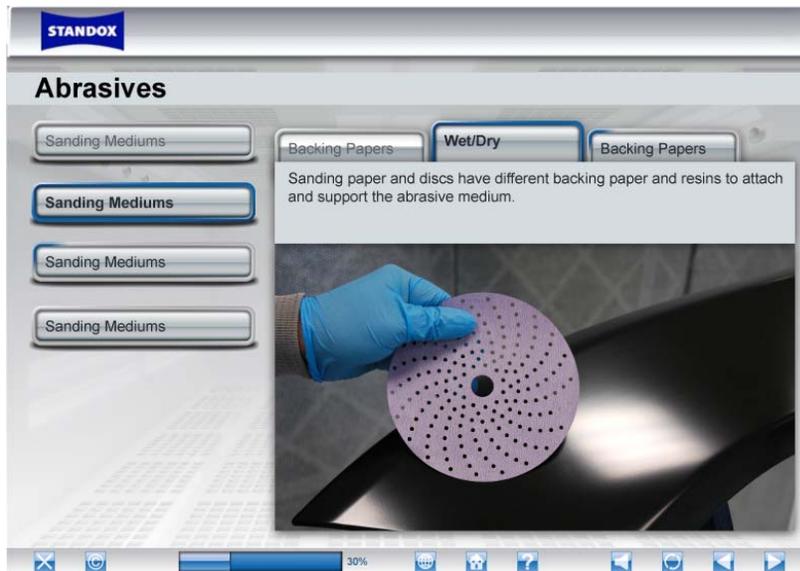

- MiKEY is an interactive, web-based e-learning programme that allows you - and your staff - to expand your skills without leaving your bodyshop.
 - This means no travel, a minimum loss of working hours and minimum costs.
 - Every training module takes approx. one hour and can be done separately.
-
- Standex is one of the first car paint brands to offer training through e-learning.

The modules.

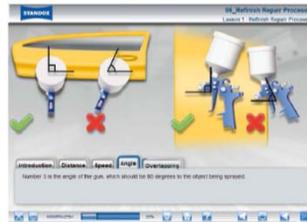

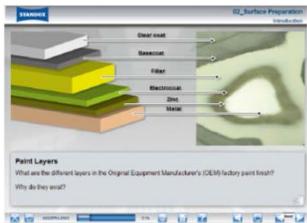

The MiKEY consist on 7 learning modules that cover almost every aspect of a vehicle paint repair.

1. Safety in the workplace
2. Surface preparation
3. Plastic part preparation and repair
4. High performance substrates
5. Colour and colour tools
6. Repair processes and techniques
7. Application defects

MiKEY Examples.

- MiKEY is not a dry textbook. It's a highly interactive learning tool that keeps every painter interested and engaged.
- **Requirements:**
Basic Windows PC, laptop, tablet PC or smartphone with Internet access.

Languages.

- MiKEY comes in many different languages, allowing foreign workers to benefit from it.

German

English

Dutch

French

Polish

Spanish

Portuguese

Italian

Swedish

Very cost-effective.

- For a one time access fee of \$350 inc. GST your bodyshop (up to 10 users) can have unlimited access to all modules.
- Once completed you qualify to attend a Passport Assessment at a Standox Training Centre.
- It's easy to nominate a My team staff manager that can manage users and track progress

Certification.

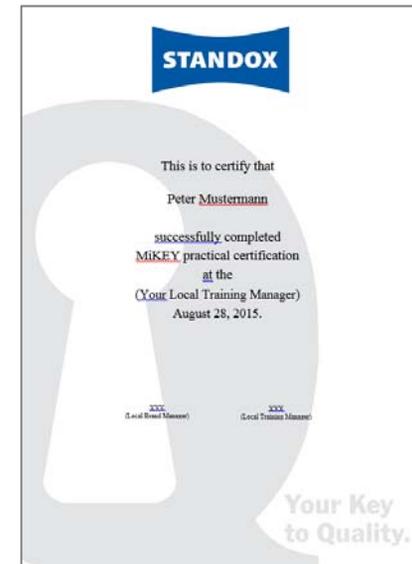

After every chapter there's a short test.

Overall, if the participants answer at least 80% of the questions correctly, they will become an

e-Certified Standex Painter

And be presented with a e-Certificate.

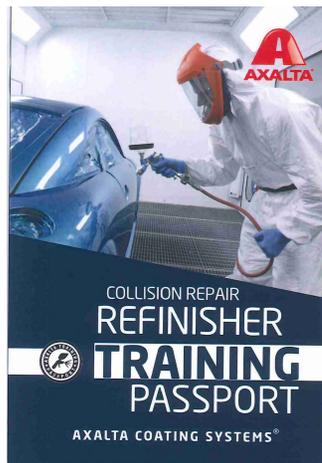

Additional qualification.

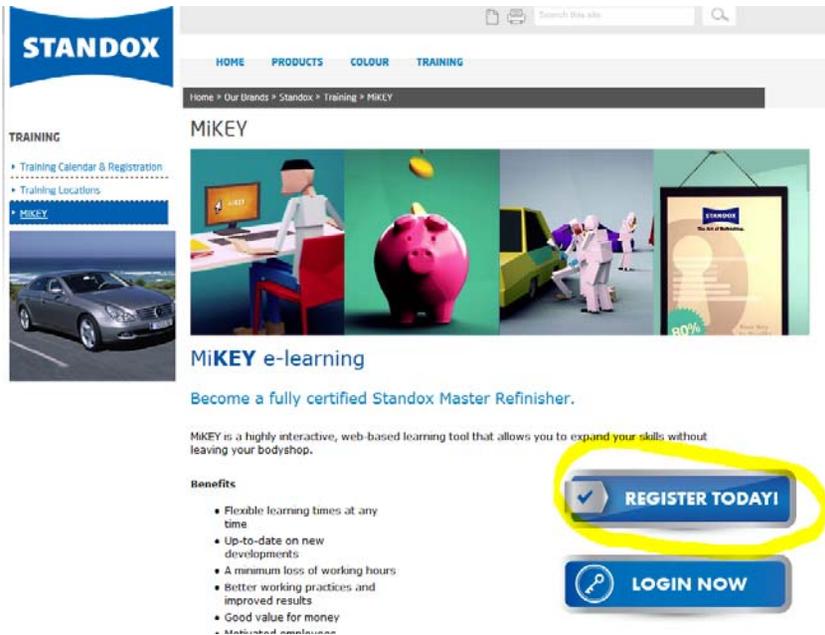

- Following on from e-certification, a participant can then register to participate in a 2-day practical passport assessment at the Standox Training Centre.
- Upon a successful passport assessment, the participant will become a

Fully Certified Standox Master Painter

...and will receive an Axalta Training Passport outlining their areas of achievement.

2. ACCOUNT SET UP.

The screenshot shows the Standex website's navigation menu with 'HOME', 'PRODUCTS', 'COLOUR', and 'TRAINING'. The 'TRAINING' section is active, displaying a sidebar with 'Training Calendar & Registration', 'Training Locations', and 'MIKEY'. The main content area features a 3D illustration of a person at a computer, a pink piggy bank, and a car. Below the illustration, the text reads 'MiKEY e-learning' and 'Become a fully certified Standex Master Refinisher.' A description states: 'MiKEY is a highly interactive, web-based learning tool that allows you to expand your skills without leaving your bodyshop.' Under the heading 'Benefits', a list includes: 'Flexible learning times at any time', 'Up-to-date on new developments', 'A minimum loss of working hours', 'Better working practices and improved results', and 'Good value for money'. Two buttons are visible: 'REGISTER TODAY!' (highlighted with a yellow circle) and 'LOGIN NOW'.

Registering a user is easy ...

1. Go to standox.com.au/MiKEY
2. Click on Register Today
3. Our eLearning Administrator will be in contact with you to finalise the registration process and payment method.
4. Upon receipt of payment, Standex MiKEY administrator will provide login details to the MyTeam staff manager.
5. Login and start the modules immediately.

3. Integration with Axalta's Training Passport System

MiKEY will be fully integrated with Axalta's Training passport system.

1. For Refinishers, upon successful completion of MiKEY and a score of 80%+ in all modules, the participant can register for a practical passport assessment day at an Axalta authorized training centre. On some occasions we may also conduct this assessment on site, depending on the number of participants.

After successful completion of the practical passport assessment then the participant becomes a fully certified Standox Master Painter and is issued with an Axalta Refinisher passport.

4. Frequently Asked Questions (FAQs)

Q: Is the registration fee a yearly fee?

A: No the fee is a one off registration fee that covers up to 10 users.

Q: How can I pay?

A: By credit card (excluding Amex), bank transfer or cheque.

Q: What is a MyTeam staff manager?

A: A Bodyshop owner or manager who would like to monitor their teams progress with e-learning.

Q: How many people are in MyTeam?

A: 1 to 10

Q: What happens when someone from MyTeam leaves?

A: Contact your Axalta Technical Representative

Q: Can I review a module later down the track after already having completed the module assessment?

A: Yes

Q: When will I receive my certificate?

A: The certificate will be issued after successfully finalising 7 training modules (80 % assessment rate).

Q: What if I fail an online training module?

A: You can revisit modules and retake the end of module assessment as many times as you required. To become an e-certified Standox Painter you need to successfully complete the 7 training modules (80 % pass rate)

Q: What if I fail the practical passport assessment?

A: Feedback will be provided at the Assessment. Those modules that are not successfully completed can be re-visited at a later date.
