

1 DAY REPAIR

... when you need things done fast!

No matter what size the paint damage is, 1 DAY REPAIR gets the job done – from filler to clearcoat – in just a day.

And because the cars get back on the road so quickly, 1 DAY REPAIR is a great solution for sales representatives, company car drivers, fleet companies, taxi services, in fact anyone who can't be without a vehicle for long.

Benefits

- A win-win situation for customers and bodyshops.
- Customers get their vehicles back quickly and on time.
- Reduced replacement vehicle costs.
- Additional work from new customers.
- Comprehensive marketing package.
- Increased local awareness of the bodyshop
- No compromise on repair quality.

Requirements

- You use Standox fillers, the [Standoblue Basecoat](#) system in conjunction with the Standocryl VOC Xtreme Clear K9580.
- You have capacity to fit additional jobs into your daily work.
- You examine the damaged area, so it fits with workload in your bodyshop.
- You assure the customer of reliable work after agreeing a date with them.
